## Chapter 1 by Ope Lle (yt)\*JK\*

So you are in a maximum security prison and about to get shanked what would you do?

## Chapter 2 by Harlander

"Get shanked", obviously, shortly followed by "bleed out and probably die."

You're at the controls of an airliner, and it's going down! What would you do?

## Chapter 3 by Adisoccer1223

I would do everything in my power to stop it, and then grab my parachute and dive away, advising others to do the same.

You are in a sinking ship, you are stuck on the lowest level. You fear you are about to drown. What do you do?

## Chapter 4 by โดยกร พัดker

I would probably make the situation worse by panicking and damaging the ship more.

**Chapter 5 by Onyx**

I would probably try to look for duck tape to tape up the crack but end up killing everyone.

You're on a bus driving by a cliff side. Suddenly, the driver falls unconscious. What do you do?

**Chapter 6 by -**

Push him out of the way and drive safe!

You are the manager of a hotel. You see three men on the camera screen trying to break into a room, and one of them is walking towards you with a weapon. What do you do?

**Chapter 7 by -**

Wait for the man to get close enough and try to knock him, or the gun out... Most likely this attempt would fail.

You are on the highest floor in one of the Twin Towers. You see the hijacked aircraft in the distance, and have already seen the other tower hit. The plane is in the distance, but coming towards you. What do you do?

**Chapter 8 by -**

Tough one! Well, I could never run down the crowded steps in time... So I would probably be better off jumping out a window pray for a miracle.

Since this is the last chapter, no one else will be able to respond if I ask another What Would You Do question. Instead, I will say

"CONGRATULATIONS EVERYBODY!!!"
